

CRIMINAL JUSTICE

Associate of Science Degree

The Quincy College Criminal Justice Program is designed to prepare individuals for the various aspects of Criminal Justice in the region. The program options available to students offer several routes of preparation. In any Criminal Justice course, students may find themselves in classrooms with police officers, private security professionals, government agency staff, and prospective social scientists. Students are encouraged to carefully review each Criminal Justice track, and the options available within each, in order to more effectively identify the program best suited for their career and personal goals.

Program Description

The Criminal Justice Associate Degree is designed to prepare students for entry level positions in the criminal justice profession as well as to facilitate transfer to a Baccalaureate Degree-granting institutions and enhance the likelihood of students' success in those programs. The Criminal Justice Associate Degree allows the student greater flexibility in selecting courses that will match the program requirements of the school to which the student intends to transfer.

Program Outcomes

At the completion of this program, the student will be able to:

- Analyze the structure and functions of the American criminal and juvenile justice systems, including police, courts, and corrections, from scientific, legal, and ethical perspectives.
- Apply criminological theories in the examination of crime causation, criminal behavior, and the development of public policy and justice initiatives.
- Summarize the evolution, structure, and practices of policing to understand the factors shaping modern law enforcement.
- Describe the application of criminal procedures that serve to balance due process and public safety, ensuring legal standards and ethical practices are met.
- Demonstrate competency in criminal law through the application of legal research, writing, and case analysis.
- Explain the importance of professional ethics in establishing justice, equality, and trust in the criminal justice system, with specific attention to vulnerable populations.
- Describe correctional strategies and philosophies that promote public safety, humane treatment, and offender reintegration.
