

**Radiologic Technology Program
Student Fit for Duty Assessment**

As a student in the Radiologic Technology Program, I understand I must:

		Yes	No	Comments
Mobility	1. Have the physical stamina to stand and walk for 8 hours or more in a clinical setting.			
	2. Be able to stand on both legs, move from room to room, and maneuver in small spaces. <i>Physical disabilities must not pose a threat to the safety of the student, faculty, patients, or other health care workers.</i>			
Flexibility	1. Be able to bend downward and forward by bending at the spine and waist. <i>This factor requires full use of lower extremities and back muscles.</i>			
	2. Be able to flex and extend all joints freely.			
Strength	1. Be able to raise objects from a lower to a higher position or move objects horizontally from position to position. <i>This factor requires the substantial use of the upper extremities and back muscles.</i>			
	2. Possess the mobility, coordination, and strength to push, pull or transfer heavy objects. (Strength to lift 25 lbs. frequently and 50 lbs. or more occasionally.)			
Fine Motor Skills And Hand/Eye Coordination	1. Possess the manual dexterity, mobility, and stamina to perform CPR.			
	2. Be able to seize, hold, grasp, turn and otherwise work with both hands.			
	3. Be able to pick, pinch, or otherwise work with the fingers.			
Auditory Ability	1. Possess sufficient hearing to assess patient's needs, follow instructions, communicate with other health care workers, as well as respond to audible sounds of radiographic equipment. <i>Please comment if corrective devices are required.</i>			
Visual Acuity	1. Possess the visual acuity to read, write and assess the patient and the environment. <i>Please comment if corrective devices are required.</i>			
Communication	1. Possess verbal/nonverbal and written communication skills adequate to exchange ideas, detailed information, and instructions accurately.			
	2. Able to read, comprehend, and write legibly in the English language.			
Interpersonal Skills	1. Be able to convey sensitivity, respect, tact, and a mentally healthy attitude.			
	2. Be oriented to reality and not mentally impaired by mind-altering substances.			
	3. Be able to function safely and effectively during high stress periods.			

Students who have had a medical event (accident, surgery, bedrest, hospitalization, birth, etc.) that would prevent them from meeting the fit for duty requirements for the Program must provide a medical release from their physician stating they can meet these functions before returning to the clinical area. Inability to meet these requirements may result in the student not being able to complete the Program.
