GPA Calculator

Please select a Division for which to calculate your projected GPA.

Division: Undergraduate Go

6. You will then be asked to provide your expected grade in each of your registered courses, this should be a realistic expectation of how you think you will do. Once you select your grades,

click on Create Projection:

[Current Term Projection](#) | [GPA Calculator](#)

Career GPA: 1.11
Career Credits: 15.00

The Career values displayed here include any graded courses listed below.

Uncheck the Include checkbox for any un-graded courses you do not wish to include in the projection. For each of the remaining un-graded courses, enter a projected grade and press the Create Projection button.

A career GPA estimate will be calculated based on your current career GPA (displayed above) and the grades you provide. Also, a GPA will be calculated for just the selected courses.

Note: GPA projection does not take into account repeat logic for repeat courses or for courses that do not count for graduation

| Course List | | | | |
|---|--------------|---|-----------|------------------|
| Include | Course | Title | Credits * | Projected Grade |
| Term: 2020-2021 - Fall - Hybrid 15-Weeks | | | | |

| <input checked="" type="checkbox"/> | SOC 101 OT 1 | General Sociology-General Sociology | 3.00 | Select a Grade ▼ |

* The Credits column will contain attempted credits for un-graded courses and earned credits for graded courses.

7. Once you create your GPA projection you will be given the projection of the semester GPA and your overall GPA including the courses you have already completed:

Uncheck the Include checkbox for any un-graded courses you do not wish to include in the projection. For each of the remaining un-graded courses, enter a projected grade and press the Create Projection button.

A career GPA estimate will be calculated based on your current career GPA (displayed above) and the grades you provide. Also, a GPA will be calculated for just the selected courses.

Note: GPA projection does not take into account repeat logic for repeat courses or for courses that do not count for graduation
