

PSYCHOLOGY

Bachelor of Science Degree

Quincy College | Academic Division of Professional Programs

Program Description

The Bachelor of Science in Psychology program is designed to prepare students with the knowledge, skills, and competencies for the diverse career possibilities within the field of psychology as well as graduate study. The program provides students with a foundation of knowledge along with communication, analytical, and research skills within an ethical multicultural framework essential for succeeding in both professional and educational endeavors. Students build foundational knowledge and skills in core areas and individualize their program through program electives and experiential learning, including a capstone course, optional concentrations, and internship possibilities.

Program Outcomes

Upon the successful completion of the program, students will be able to:

- Describe key concepts, principles, and overarching themes in psychology.
- Use scientific reasoning to interpret psychological phenomena.
- Apply ethical standards to evaluate psychological science and practice.
- Demonstrate effective communication for different purposes.
- Apply psychological content and skills to career goals.
-

ADDITIONAL INFORMATION

(*) Indicates course requires the completion of a prerequisite.

Choose from list of General Education Electives starting page 99; one course must be 300-level or above.

All classes are offered in the fall and the spring unless otherwise designated:

F=Class is only offered in the Fall

S=Class is only offered in the Spring

Note: Students are required to take 21 credits from the list below, according to their interests. Students are not required to take a specific number of credits in any category.

Course / Credit Information

General Education Requirements 40 credits	Credits
CSI 101 Introduction to Computers	3 credits
ENG 101 English Composition I	3 credits
ENG 102 English Composition II*	3 credits
History/Government	3 credits
IDS 167 First Year Seminar	3 credits
MAT 107 Statistics	3 credits
BIO 111 General Biology	4 credits
SOC 101 General Sociology	3 credits
PSY 101 General Psychology	3 credits
Humanities Electives	6 credits
General Education Electives	6 credits

Program Requirements 42 credits	Credits
HSV 260 Diverse Populations	3 credits
PSY 215 Abnormal Psychology*	3 credits
PSY 216 Growth & Development	3 credits
PSY 221 Health Psychology* (S)	3 credits
PSY 280 Research Design & Methodology*	3 credits
PSY 305 Personality* (F)	3 credits
PSY 311 Cognition* (S)	3 credits

Other	Credits
HSV 240 Social Policy	3 credits
PSY 102 Careers in Psychology (S)	3 credits
PSY 217 Statistics for the Behavioral Sciences	3 credits

Minors

Minors are designed to provide baccalaureate students with knowledge and skills in a field other than their majors, that may lead to a post-graduation competitive advantage. Bachelor's students who have earned a minimum of 45 credits and have an overall GPA of 2.0 or higher are eligible. The *Request for Minor Form* must be completed and submitted to the Registrar. To be able to complete your minor within 120 credits (minimum credits required for a major), students are strongly recommended to meet with an Academic Advisor for course planning prior to declaring a minor.

The minimum number of credits for a minor is 18. A maximum of two courses required for the major (including the general education) can be used toward a minor, and open electives may be used to satisfy the remaining of the minor requirements.

Successful completion of a minor requires a grade of C or higher in all courses of that minor. A minor must be completed at the time of the bachelor's degree and will be so noted on the student's transcript. A student cannot be readmitted to complete only a minor.

. MINOR IN COMPUTER SCIENCE

The minor in Computer Science is designed to provide bachelor students in other disciplines with a foundation of knowledge and skills in programming, networking, database management, and general computer science. Students will develop competencies needed to analyze, design, implement, and assess computing solutions using various programming languages and technologies

MINOR COMPUTER COURSES	Credits
CSI 104 Introduction to Programming with Python	3 credits
CSI 107 C++ Programming	3 credits
CSI 244 Networking I	3 credits
CSA 213 Database Management	3 credits
EXP 397 Internship II	3 credits
Program Elective (Choose one course below)	3 credits
- CSI 213 Advanced C++ Programming - CSA 227 Website Design - CSI 226 Unix with Linux - CSI 217 Introduction to Operating Systems - CSI 311 Computer Organization	
Total Credits Required for Minor	18 credits

MINOR IN BUSINESS MANAGEMENT

The minor in Business Management is available to bachelor students in other disciplines and is focused on providing a strong foundation in business, accounting, and management. Students will gain an understanding of how subjects such as ethics, communication, and human behavior can assist managers in leading effectively.

MINOR BUSINESS MANAGEMENT	Credits
BUS 101 Fundamentals of Business	3 credits
MGT 201 Principles of Management	3 credits
MGT 330 Managerial Communication	3 credits
BUS 220 Business Ethics	3 credits
BUS 401 Organizational Behavior	3 credits
ACC 101 Accounting I	3 credits
Total Credits Required for Minor	18 credits
