

OLD COLONY Library Network

Quincy College is a member of the Old Colony Library Network (OCLN). As a member, this means that all books and materials from 28 libraries on the South Shore are available to the Quincy College community. You can put holds on materials and they will be sent here for you to pick up. Ask a Librarian for help with these FREE services.

The network libraries contain a rich variety of print books and journals, magazines and AVs including popular films. Be sure to check out the e-books and audiobooks from Overdrive.

To find network resources, go to the Quincy College Library website, click on Library Resources tab in the yellow band at the top, then click on, Library Catalog. The default is to the libraries of Quincy College. Change that to, All to see resources available throughout the network.
