WORKFORCE DEVELOPMENT

Mission Statement

To serve as a catalyst and to foster collaboration between Quincy College and its public and private-sector partners for the purpose of using those partners' combined resources to create alternative educational program opportunities for non-traditional students in need of skills, education upgrades and training that is linked to regional economic development and labor force needs.

Vision

To provide high quality, affordable, Workforce Development and training educational opportunities and to equip low-income, underserved and unemployed individuals, families and youth, with the tools and knowledge that helps to prepare them for economic opportunities and career advancement.

TOP/Section 30 Application Assistance

Unemployment Assistance (DUA) waives the requirement to seek employment while attending training, which allows students to develop marketable skills that lead to finding suitable employment.

For more information about the application process and approved programs visit:
