

ONLINE COURSES

For course descriptions or the most up to date course schedule, please visit the college website at www.quincycollege.edu/summer.

Courses codes ending in "ON" and "ONP" signify online courses. Online courses are conducted through the College's learning management system. There are no on-campus meetings, all course content and interaction occurs online. Online courses typically include more reading and more written responses than on-ground courses. While the hours of involvement are flexible, online courses require a weekly time commitment similar to on-ground courses.

Course Code	Course Title	Credits	Start Date	End Date	Instructor	Email
BUS 101 ON	Introduction To Business	3	6/1	8/9	Tba
